Can You Correct a Name or Cancel a Flight on Expedia? Everything You Need to Know

Expedia is one of the largest travel booking platforms in the world, but even the best systems can't prevent human errors — especially when it comes to entering names, booking vacation packages, or making international travel arrangements. Whether you've made a simple typo or you're facing the need to cancel a non-refundable ticket, here's what you need to know about Expedia's policies.

What Is Expedia's Policy on Name Misspellings?

Expedia allows minor name corrections for spelling errors or typos. If you made a small mistake — like reversing first and last names or missing a letter — you may be eligible for a correction without canceling the booking. However, major changes (like transferring the ticket to someone else) are generally **not allowed**.

To request a correction, contact Expedia customer service **as soon as possible** after noticing the error. Airlines may deny boarding if the name on your ticket doesn't match your government-issued ID, so acting quickly is

critical.

Are Name Changes Allowed for Expedia Vacation Packages?

Unfortunately, Expedia does not typically allow name changes on vacation packages once they are booked. Since these packages include bundled services like flights, hotels, and car rentals, each provider has its own rules. If you entered the wrong name, your best chance is to contact Expedia and ask if a correction is possible — minor misspellings may be fixable, but transferring the package to someone else is usually not an option.

What If I Made a Spelling Error in the Passenger's Name on Expedia?

If you made a spelling error in the passenger's name, don't panic — as long as it's a small mistake, Expedia may be able to help. Log into your Expedia account and view your itinerary. Then, call Expedia directly and explain the error. For flights, the airline must approve any changes, and fees may apply depending on the carrier's policy.

Some airlines only allow corrections up to 24 or 48 hours before departure, so don't wait. The longer you delay, the fewer options you may have.

Can I Cancel a Non-Refundable Expedia Ticket?

Non-refundable tickets are tricky. While you can cancel them, you won't get your money back unless your ticket qualifies for Expedia's 24-hour free cancellation policy — which only applies to eligible bookings made at least 7 days before departure.

However, even with non-refundable tickets, some airlines provide flight credits or vouchers. It's worth checking your ticket type or contacting Expedia customer service to explore your options.

Is It Possible to Rebook My Expedia Flight Under a New Name?

Generally, you cannot rebook a flight under a new name using the same ticket. Airline tickets are non-transferable, and Expedia follows this rule strictly. If the wrong person is booked, you'll likely have to cancel the existing reservation (with or without a refund depending on fare type) and create a new booking for the correct traveler.

Always double-check names before finalizing your purchase — once it's booked, changes are limited and costly.

How Much Time Do I Have to Correct My Name on Expedia?

Time is critical. You should attempt any corrections within 24 hours of booking for the best chances of getting help, especially if the airline allows name corrections within that period. After 24 hours, changes become harder and may involve airline fees, especially if the flight is within a few days.

Can You Change the Lead Traveler on an Expedia Booking?

No, Expedia doesn't allow changing the lead traveler on a booking. That person is considered the primary traveler or account holder for the reservation, and switching them would be equivalent to transferring the ticket — something most airlines prohibit.

If you've made a mistake on the lead traveler's name, your only option may be to cancel and rebook, depending on the fare rules.

Does Expedia Charge Extra for Name Changes?

Expedia itself may not charge a fee, but the airline or travel provider might. For instance, some airlines charge between \$75 and \$200 for a name correction, and Expedia will pass those costs onto you. They may also apply a service fee for processing changes.

Always ask upfront about the total cost before approving the change.

What's Expedia's Flight Cancellation Policy for International Routes?

Cancellation policies for international flights vary by airline. However, Expedia supports most airlines' terms and will allow you to cancel or modify your booking through your account. For refundable fares, you'll typically get a full refund, while non-refundable fares may only offer credit. Some airlines allow cancellations up to 2 hours before departure, but international routes often have stricter rules.

Be sure to read the "Fare Rules" section in your booking confirmation to understand your specific cancellation window.

How to Fix a Typo in Your Expedia Plane Ticket Name

2. Find the booking with the incorrect name.
3. Click on "Help" or call Expedia's support line immediately.
