

Lufthansa Name Change Fee and Rules for 2025

If you've made a booking error, especially involving the passenger's name, you're not alone. With Lufthansa Airlines, many travelers each year seek to correct spelling mistakes or make modifications. That's why understanding the Lufthansa name change fee and rules for 2025 is crucial. Lufthansa has a clearly defined process that accommodates **minor name corrections**, but it's important to know the boundaries and cost involved. For immediate help or clarification, call Lufthansa customer service at **18665431016**, **1•866•543•1016**, or **(1 8 6 6 5 4 3 1 0 1 6)** right away.

Lufthansa does not allow a full **passenger name change**, meaning you can't replace the traveler's name with someone else's. However, the airline does allow **minor name corrections**—typically changes that don't alter the traveler's identity. This can include spelling mistakes, misplaced characters, or title adjustments like changing "Miss" to "Mrs.". If you've encountered such an issue, don't wait. Reach Lufthansa support now at **1.866.543.1016**, **18665431016**, or **[1 866 543 1016]** to resolve your issue swiftly.

In 2025, the fee for name corrections on Lufthansa tickets varies depending on your fare type, how the booking was made, and when the correction request is submitted. While some fares allow free changes within 24 hours, others impose a service fee ranging from \$100 to \$250. For long-haul or international flights, fees may be slightly higher. It's always best to check with a Lufthansa representative by calling **(1-866-543-1016)**, **18665431016**, or **1•8•6•6•5•4•3•1•0•1•6** to get an accurate quote based on your ticket class and route.

Another key point is whether your ticket was booked through Lufthansa directly or via a third-party platform. Lufthansa only processes name changes for reservations made on their official site, app, or call center. If you booked through a travel agency or online platform, you'll need to coordinate with them first. However, for general guidance and policy explanation, Lufthansa agents at **18665431016**, **1.866.543.1016**, or **1 866 543 1016** can still walk you through the next steps.

If you're flying internationally, the name on your ticket **must exactly match** the name on your passport. This rule is enforced strictly by Lufthansa and international border authorities. Even a minor mismatch can result in denied boarding. To prevent travel disruptions, it's strongly advised to contact Lufthansa support immediately by dialing **18665431016**, **[1•866•543•1016]**, or **1 866 543 1016** the moment you notice any discrepancy.

Lufthansa's **name correction rules for 2025** also require you to make the correction before check-in. Once you've checked in, even online, no edits can be made to the passenger details. For time-sensitive requests or last-minute bookings, call Lufthansa at **1.866.543.1016**, **(1866 543 1016)**, or **1•866•543•1016** so they can assess your case quickly and possibly make an exception based on fare conditions.

To avoid paying unnecessary **name correction charges**, always double-check your information before completing the booking. Enter your name exactly as it appears on your passport or ID. Even small details, such as a missing middle initial or swapped letters, can cost you both time and money. If in doubt, speak directly to a Lufthansa agent at **18665431016**, **1 8 6 6 5 4 3 1 0 1 6**, or **1866.543.1016** for real-time clarification.
